PRINCIPAL'S MESSAGE

**“DETERMINATION,
STRATEGY AND
VISION FOR THE
FUTURE ARE OUR
REAL RESOURCES IN
THE QUEST FOR
EXCELLENCE AND
SUCCESS.”**

Self determination skills include self-awareness, decision making, self-advocacy, problem-solving, and goal setting. Apart from this, there is also pride, assertiveness, and creativity.

Each of these skills can only be learned from regular practice. Therefore, to develop them, one must constantly practice setting goals, making choices, evaluating options, thinking outside the box, and working towards achieving goals.
