HAPPY 2025 NEW YEAR NEW BEGININGS

PRINCIPAL'S MESSAGE

Happy New Year!

We are thrilled to welcome back all students and staff to school after a wonderful winter break.

This new year is filled with promises and exciting opportunities for learning and personal growth. We hope all students return refreshed and eager to embrace new challenges, and to fully utilize the resources and facilities our school offers.

This year, we remain dedicated to academic excellence, fostering holistic development, and creating a safe and supportive learning environment where every student can flourish.

We reaffirm our commitment to achieving the Global Goals and advancing our Road to Net Zero initiatives.

In alignment with the UAE's 2025 theme of fostering strong family units, celebrating Emirati Identity, and embracing Artificial Intelligence, our school will be integrating these key areas into our activities this year.

We celebrate the spirit of this incredible nation and are thankful for the values of tolerance, progress, and prosperity that it embodies.

This year promises to be a year of significant progress across all aspects of school life.

We are excited to soon launch our **reading blog**, which will serve as a platform to share updates on our ongoing green initiatives. We express our sincere gratitude to all parents for their continuous support and partnership in their children's education.

We also deeply appreciate the dedication and hard work of our entire staff, including teachers, non-teaching staff, and admin staff, whose collective efforts have contributed significantly to the remarkable growth and success of our school.

It is truly inspiring to reflect on our journey. Starting with a small group of students, we have experienced significant growth and transformation, evolving into a thriving and multicultural community that now educates over 4000 students from 60+ nationalities.

I conclude with a sense of optimism and anticipation for the year ahead.
