# The Power of Time Management

*Dear Students, Teachers, and Parents,*

Time is one of the most valuable resources we have. How we organize and utilize it can determine the quality of our learning, our productivity, and ultimately, our success. In today's fast-paced world, the ability to manage time effectively has never been more important.

As we continue through the school year, I encourage each of you to take a moment to reflect on how you spend your time. Whether it's in the classroom, during extracurricular activities, or at home, time management plays a crucial role in everything we do. Effective use of time leads to better outcomes, less stress, and more meaningful experiences.

For students, it's essential to develop strong organizational skills early on. Prioritize your tasks, break down large assignments into manageable steps, and avoid the temptation to procrastinate. Remember, time invested in preparation is time well spent.

Encouraging routines, setting goals, and being mindful of how time is spent outside of school can greatly influence their academic success and personal growth.

For teachers, creating structured lessons and planning ahead ensures that both you and your students get the most out of every learning moment. By modeling effective time management, you also provide a valuable life lesson for your students.

*Principal  
Richard Monteiro*

**As we continue to grow and learn together, let us be mindful of how we organize our time. By setting goals, staying disciplined, and balancing our responsibilities, we not only make the most of our days but also build a foundation for a successful future.**

For parents, your support is crucial in helping your children build good time management habits.

**Let's make every moment count!**

## *FOSTERING A STRONG HOME-SCHOOL CONNECTION*

Sep 3, 2024  
KG 2E

# *Coffee Tuesdays with KG 2 Parents*

## A Special Update

Every Tuesday, the Kindergarten 2 section hosts an event where parents are invited to attend the class assembly and participate in the gathering. Through these sessions, the parents are equipped with tools to support their child's learning and development. From helping with homework to managing screen time and encouraging positive behaviour, these sessions provide practical strategies for parenting in today's world.

# *Cultivating a Culture of Peace*

## INTERNATIONAL DAY OF PEACE

SEP 2024

## **Congratulations!**

**On this International Day of Peace, let us applaud our kindergarteners for the celebration and unite in the spirit of compassion, kindness, and understanding.**

# Inter School Participations & Victories

*City Private School was also awarded The Best Project Category Runner Up Position*

## Best Innovation Award, 3rd Prize

for the project Sand Battery at immuto - 2 Inter-School Science Exhibition, out of 17 schools organised by IIS Sharjah on September 12, 2024.

1. Natalia Rehan Rashid (10GB)
2. Nameera Kola Tanzeel(10GB)
3. Areesha Mohammad Ali(10GB)

# MATH MAGIC MOMENTS

Math Week was celebrated with the goal of fostering innovations in mathematics while also emphasizing sustainability in those efforts.

**Mathematics may not teach us how to live, but it sure helps us to understand how the world ticks.**

The Kindergarteners enjoyed a dynamic Math Week filled with engaging, real-world learning experiences.

## Real-World Math:

Grocery Store Math: The City Supermarket set up helped students practice counting money, making change, and comparing prices.

City Private School commemorated this day with a series of engaging activities that aimed to promote the language, culture, and literature associated with Hindi.

Students recited renowned Hindi poems, showcasing their eloquence and artistic expression.

# ENGLISH WEEK

*Celebrations*

*Nov 18 - 22, 2024*

**SUSTAINABILITY  
SPEAKS:  
LET WORDS LEAD  
THE WAY**

The English Week was a resounding success, fostering a love for the English language and promoting a multilingual and multicultural environment.

It provided students with a platform to develop their language skills, confidence, and creativity.

Students across the school participated in competitions like Spell Bee, Just a Minute talk on Sustainability, Theatre and Character Day etc. We hope to continue organizing such events in the future to further enrich the learning experience of our students.

Oct 2024

# Teachers' Day Celebrations

A Big Thank You from Parents

Special Dance Performance by Mr Mokhtar Hakim

# DEBATE TOURNAMENT

## GRADE 8 FIRST ROUND RESULTS

**First Round Teams who  
Battled for the Motion  
*Humans vs Artificial  
Intelligence***

Suzie's  
Team

**VS**

Suad's  
Team

Liaba's  
Team

**VS**

Adifa's  
Team

### Winners

In the first round, Suzie's Team and Liaba's Team claimed victory, advocating for the belief that humans, not AI, will shape the future of intelligence. The top performers in both rounds were Mozdalifa, Suad, Sumaiya, and Adifa.

### ***The final battle announced....***

Both the winning teams will have a final battle for the first and second position whereas the runner up teams will battle for third position.

### ***Motion for the Final Battle***

Gen Z vs Millennials?  
A Clash of Innovation

**Suzie's Team vs Liaba's Team**

**Suad's Team vs Adifa's Team**

# THE PUPPET SHOW

**Kindergarten Staff organised The Puppet Show with an objective to promote reading and story telling skills.**

# ENTREPRENEURS OF CITY PRIVATE SCHOOL SHARK TANK

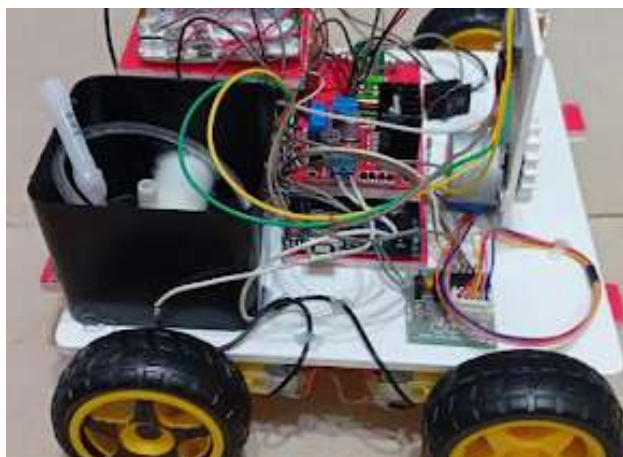

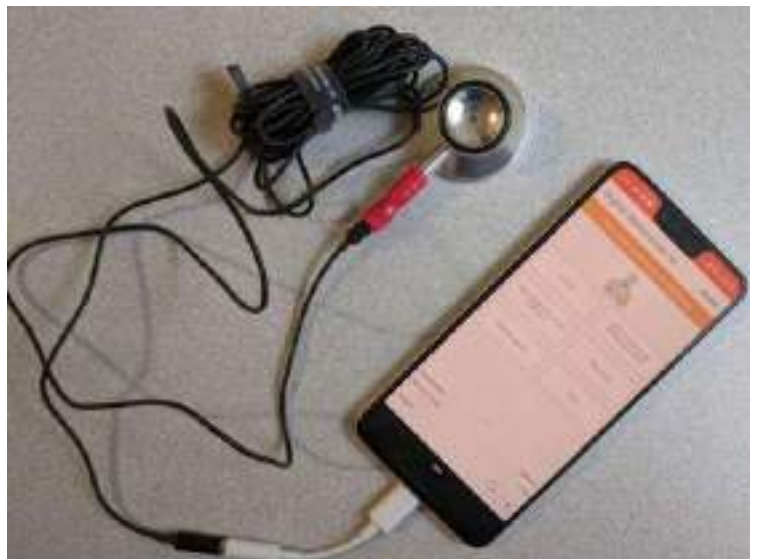

OCTOBER 2024

The prototypes displayed and made by the students were marketed to the investors.

## PROJECTS :

**AI STETHOSCOPE** - It integrated artificial intelligence with a traditional stethoscope to enhance the diagnosis of heart conditions. It would help in early detection of heart related problems and help doctors with quick and accurate decisions. Designed by Pujja & Lamar of Science Faculty.

## Soil Farming Rover -

Our students Spurgeon, Shaheer & Maaz of Science Faculty came up with this unique idea of precision farming Rovers, these rovers were designed in such a way that it would assist farmers in the fields in monitoring crops, optimizing yields and reducing manual labor. Equipped with advanced sensors, these rovers provide real-time data and precision control, enabling smarter, more sustainable farming practices. With this technology, we help farmers maximize productivity while minimizing environmental impact.

# 53RD UAE EID AL ETIHAD Celebrations

**The UAE National Day was celebrated with great enthusiasm and joy throughout the school. Students, teachers, and staff members participated in various activities that showcased the Nation's rich culture and heritage.**

# 53rd UAE NATIONAL DAY CELEBRATIONS

# 53RD UAE NATIONAL DAY CELEBRATIONS

# HUMAN FIRST

Nurturing the qualities of charity and compassion through participation in Emirates Red Crescent drives. These initiatives provide opportunities for students to contribute to humanitarian efforts and develop a sense of social responsibility.

The school may be a building,  
but it's the people within its walls  
that create the memories
